

# NEW & USED EQUIPMENT SALES

At Brennan Equipment Services, we strive to give our customers the equipment necessary to complete their jobs successfully, which is why we offer a large inventory of Hyundai machinery. Hyundai has been a part of the global construction services network since 1991, and the equipment designed by Hyundai is economical, ergonomic and offers outstanding performance. We offer plenty of Hyundai products because we are confident that with their equipment, you will have a more efficient and productive work site.
